SOCK PUPPET BRAIN MODEL

1: Ask Parent or Caregiver for an old sock or glove that is no longer needed
2: Color in the pictures on this page
3: Cut the pictures out
4: Put the sock or glove on (stick thumb in the heel of a sock)
5: Use tape or glue to attach the picture to the “part of the brain” they are associated with on the sock puppet.
6: FLIP YOUR LID! Then explain to someone else how to “Nudge the Numbat to Leave the Lizard and Hug the Human.”
